APSYS
NETWORKS

Description

Apsys Versatile series free standing cabinets are New Generation Rack Cabinets featuring (19")³ design.The only available boundary in terms of functionality and flexibility is the imagination as it is possible to install all kinds of 19" accessories, instruments and equipment to the top, bottom and side sections of the cabinet. Capacity advantage The rear sections of instruments and equipment with short length (patch panel, horizontal organizer, etc.) remain completely unoccupied at certain U heights, and lead to waste of space. In Versatile series cabinets, on the other hand, it is possible to install accessories and equipment with higher length from side panels at the cabinets with U values where equipment with short length are installed.

ORANMENT STRIP COLOR   BODY COLOR
